Additional Information

**Description:**

Where light gains color and color comes to life.

Imagine a world above the clouds, where color is not just color — it is **light, atmosphere, and emotion**.

The **Dreamland Collection** is born from this ethereal and luminous universe, inspired by pastel skies, soft auroras, and portals of light that awaken the senses at first glance.

With a **pastel neon** aesthetic, Dreamland redefines lightness with sophistication.

The shades emerge like luminous mist: soft, modern, and filled with delicate glow.

Each shade was designed to convey visual lightness, immediate impact, and an ethereal finish that stands out without excess.

Dreamland is not just a collection — it is a **creative universe**.

Ideal for those seeking trend and a strong visual identity, this collection allows you to create above the clouds, with delicate, modern, and emotionally engaging results.
